

Module: m/01/105

'Configuring the Email Agent service...'

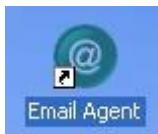

*The Email Agent service performs **one** task:*

- Sending timeware® emails to employees and users.*

Please note that this service requires configuring through the Advanced Users Email Setup option within the main timeware® application.

The Email Agent icon looks like this:

The Email Agent will not work until you start this service, (see module m/01/008).
